Evaluation Factors for Award

The evaluation factors, in order of importance from high to low, are State license qualifications, past performance, and price.

Evaluation of State License Qualification:

Offerors are to submit a copy of any and all required Alaska State Licenses in accordance with the statutes and regulations provided at <http://www.dps.state.ak.us/PermitsLicensing/SecurityGuards/>. This will be evaluated on a Pass/Fail basis. Offerors that do not meet the State license qualification will Fail, and will not be considered for award.

Evaluation of Past Performance:

The submission of past performance is mandatory for all offerors. The contractor must include in its proposal a summary of the same or similar services completed in the last 2 years that demonstrates qualifications of the offeror and key personnel to successfully perform this contract. Current (within the last 2 years) relevant experience of the firm must include the following information: name, address, telephone number, and point of contact, type of contract, for which same or similar services were rendered, dollar value of contract or purchase order and performance timeframes.

Evaluation of past performance will be a subjective assessment based on a consideration of all relevant facts and circumstances. It will not be based on absolute standards of acceptable performance. This is a matter of judgment. Offerors will be given an opportunity to address especially unfavorable reports of past performance, and the offeror's response – or lack thereof – will be taken into consideration. Past performance will be evaluated on an adjectival scale.

Evaluation of Price:

The offered price will be used in conjunction with the other factors to determine the proposal which represents the best value to the Government.
